4700

Proven performance. And ready to prove it again.

Even when it was the new truck on the block, you knew the 4700 would take its place among the legends. After all, you don't earn the Western Star badge unless you can get the job done, and then some. We designed the 4700 to be as hard-working as every driver who climbs in the cab, with customizable options for any size job. And if you don't see what you need, just ask your dealer. They're pretty hard-working as well.

SF SET FORWARD AXLE

A	BBC: 110"
B	WB: Up to 300"
C	BA: 29"

SB SET BACK AXLE

A	BBC: 110"
